### L 3403 VRG-Set

Order no. 313.807

#### Advantages at a glance

- FLEX seven-fold microprocessor electronics: with consistent speed control by tachometer generator, soft start, accelerator trigger switch, restart protection after power interruption, overload protection, temperature monitoring, and speed selection
- High-powered motor: can handle extreme loads
- Spindle lock: for easy disc changes
- Quality shut-off carbon brushes: if the carbon brushes wear down, the motor will be automatically switched off and thus protected from damage
- Bail handle
- 4 m power cord: with FLEX red plug

#### The light FLEX polisher as complete kit

Slim stick handle, high torque motor, light weight, and a practical bail handle. That is how to polish easily and effortlessly in every job. The accelerator trigger switch and speed selection allow for a controlled acceleration to the optimal speed. The kit version includes a velcro backing pad, two sponges, rubbing compound and high gloss polish. Simply attach the respective velcro polishing tool centrally to the polishing backing pad using the centring tube and start working. To finish off, clean the polished surfaces with the microfibre polishing cloth in order to get a perfect deep shine.
