

Floor and wall finishing

FS 3403 VRG

Order no. 333.611

The handy FLEX scouring machine for renovation work

The small milling machine is suited to various tasks which arise during renovations, such as removing old plaster of up to 5 mm in thickness, milling the edges of concrete casings and mending small areas of insulation façades. The specially developed milling axle mounting guarantees even contact and uniform wear of the milling discs. This ensures the longest possible service life for the milling discs. Thanks to its modest weight it is also ideal for working over your head.

Technical attributes	FS 3403 VRG
Milling head Ø	85 mm
Working width	76 mm
Max. milling depth	5 mm
Speed without load	1100-3700 rpm
Power input	1400 Watt
Power output	880 Watt
Weight	3,00 kg

Standard equipment	
12 flat tooth milling disc	333.719
1 bail handle	298.506
1 universal adapter	259.827
1 hexagon socket screw key	1 piece
1 Torx-wrench	1 piece
1 metal carrying case	334.073

Advantages at a glance

- FLEX Six-fold microprocessor electronics: Speed selection, consistent speed control by tachometer generator, soft start, restart protection after power interruption, overload protection, and temperature monitoring
- Optimal milling axle mounting: for the maximum service life of the twelve milling discs
- Vacuum hood: with stepless height adjustment
- Sturdy milling discs: from high quality solid carbide alloy
- Vacuum attachment
- Quality shut-off carbon brushes: if the carbon brushes wear down, the motor will be automatically switched off and thus protected from damage

Floor and wall finishing

Accessories

Carbide pointed tooth milling discs

12 flat milling discs for replacement, made of solid carbide alloy. For light, soft plaster. Also for removing carpet adhesive residues when a clean, smooth base is required.

QTY/PKG: Order no.

12 333.719

12 pointed milling discs for replacement, made of solid carbide alloy. For removing hard plaster and cement. For removing carpet adhesive residues when a roughened base is required.

QTY/PKG: Order no.

12 333.700

Milling head complete

To switch quickly from sharp to flat milling discs. Complete with twelve flat HM milling discs (order number 333.719).

QTY/PKG: Order no.

1 333.697

To switch quickly from flat to sharp milling discs. Complete with twelve sharp HM milling discs (order number 333.700).

QTY/PKG: Order no.
